BUSINESS APPROACH

We offer a complete business solution with planning, commissioning and execution. We provide activity briefs and quality control and measure our performance targets V/s client expectations. We also provide monthly and weekly project communication and pride ourselves on our client care and feedback. We take great care in setting effective & accurate schedules, budgets & project interfaces, for which we rely on our team of specialists and our advanced systems to monitor process, quality and delivery timelines, all while following EHS practices.

Desk of Founder

Our team is guided by our expert mentor, who have achieved excellent exposure of many years in business services by providing complete client satisfaction.

Business & Relationship is growth with “Trust” and “SATISFACTION” and we work with that. That’s why we grow in our business and make our clients satisfy and make long term Relationship with us.

We wish to involve into back to back business support to all business Sectors that Demand Quality Service. We assure best and grantee at most. Satisfaction in workmanship and quality of service delivered in time thus providing value of time. we also undertake end to end business solutions.

This Company was established not only to earn profit but with a noble motive to assist the corporates to get quality work in reasonable price and public to get employment.

Our Vision

To bring together a perfect combination of skilled workforce, updated technologies and streamlined process to ensure quality, reliability and relity in working. To achieve our objectives within time limited.

Our Mission

To be the most efficient construction, infrastructure Electrical Projects, Highway Projects, Railway Projects, Runway & Helipad Company in india by meeting & exceeding customer expectations. To consistently achieve high growth with the highest levels of productivity holding guiding principles of trust, integrity and transparency in all aspects of interactions and dealings.

Our Strength

- **Integrity** : We must conduct our business fairly, with honesty and transparency. Everything we do must stand the test of public scrutiny.
- **Understanding** : We must be caring, show respect, compassion and humanity for our colleagues and clients around the country and always work for the benefit of the communities we serve.
- **Forging Excellence** : We must constantly strive to achieve the highest possible standards in our day-to-day work and in the quality of the goods and services we provide.
- **Unity** : We must work in harmony with our colleagues across the group and with our clients and JV partners around the country, building strong relationships based on tolerance, understanding and mutual cooperation.
- **Responsibility** : We must continue to be responsible, sensitive to the countries, communities and environments in which we work, always ensuring that what comes from the people goes back to the people many times over.
- **Environment, Health & Safety** : Establish and maintain an EHS risk management system, Encourage responsibility towards creating a safe work environment, Risk mitigation through education, instruction, information and supervision across employee levels
- **Innovation Focused** : Global positioning system (GPS) technology is used to track machine life, fuel usage, and consumables. The technology also provides mapping and replays vehicle location history with real time alerts and notifications. Using this technology, Melbac is able to guide drivers and operators on the right path, enabling fuel savings of ~10%.
